SUNSHADE AND SUN VISOR

The Clearest View

Mitigate the adverse effects of severe sunlight by opting for sunshades and sun visors for your cockpit. These aids not only protect crew from harmful ultra violet and infra-red rays, they also reduce pilot fatigue, to reduce glare for pilot and co-pilot and do not restrict visibility in any way.

**Designed and fully
supported by Embraer**

Learn more about the Sunshade and Sun Visor and other aircraft enhancements by contacting your Services Sales Representative or access: <http://www.embraerexecutivejets.com/>
