LEGACY 650E

AN UNBEATABLE WORKHORSE. AN UNIMAGINABLE WARRANTY. ALL AT AN UNBELIEVABLE PRICE.

It's one thing to be proud of an achievement, but it's another entirely to demonstrate commitment. So, as a testament to our confidence in the Legacy 650E's heritage of robustness and near-perfect dispatch reliability, this new aircraft carries a 10 year/10,000 flight hour warranty — an amazing new standard unheard of in the business jet industry. In short, no aircraft manufacturer stands more steadfastly behind its product.

With restyled seats, the Legacy 650E's spacious cabin features three distinct cabin zones with ample space and privacy, plus an optional crew lavatory in the forward cabin. It can fly 3,900 nautical miles with four passengers, with available seating for up to 14 — and its largest-in-class 240 cubic-foot baggage compartment can carry virtually everything passengers might want to bring along.

The Legacy 650E delivers an enhanced level of automation and situational awareness — starting with a Synthetic Vision System (SVS) and autothrottles — both now standard equipment. They're the perfect complement to the aircraft's proven Honeywell Primus Elite avionics suite. Two iPads with mounting systems are now available in the cockpit as electronic flight bags, so pilots can enjoy a friendlier interface, easier updates and a full range of other tools to support their operation. All of these features reduce cockpit workload and potential errors, and create a more intuitive environment.

The longest warranty of any business jet in the world. Unparalleled cabin comfort and convenience. Unbeatable dispatch reliability. And updated avionics. The Legacy 650E delivers all this and more — at a list price that's millions of dollars less than any competitor in its class, and an operational cost that's unmatched among large jets.

01

10 year/10,000 flight hour warranty – the longest in the industry

02

Excellent dispatch reliability – 99.6%

03

Low operating costs

04

Largest baggage compartment in its class

05

Largest cabin in its class

LEGACY 650E

SPECIFICATIONS

With the largest galley, lavatory and baggage compartment in its class, the quiet, three-zone cabin of the Legacy 650E allows you to work, dine or rest in complete comfort.

PERFORMANCE DATA

Range at 4 passengers (LRC, 4 passengers and NBAA IFR reserves with 200 nm alternate)	3,900 nm / 7,223 km
M _{MO}	M 0.80
TOFL (MTOW, SL, ISA)	5,741 ft / 1,750 m
Unfactored Landing Distance (LW with 4 passengers at 200 lb each, NBAA IFR reserves, SL, ISA)	2,346 ft / 715 m
Maximum Payload	4,938 lb / 2,240 kg
Maximum Operating Altitude	41,000 ft / 12,497 m
Propulsion	Rolls-Royce AE 3007A2
Engine Thrust / Flat Rating	9,020 lb _f / ISA + 15°C
Avionics	Honeywell Primus Elite™
Total Baggage Capacity	286 ft ³ / 8.1 m ³
Seating Capacity (Crew + Standard Passengers / Max Passengers)	2 / 3 + 13 / 14

THE LARGEST CABIN IN THE SEGMENT:

Three spacious zones, assuring privacy with layouts optimized to meet your mission needs.

Optimized for business with a straight aisle configuration, assuring privacy and productivity, plus the exclusive option for a separate crew lavatory in the forward cabin.

Optimized for business and leisure, featuring a conference table area, credenza and the option for a separate crew lavatory in the forward cabin.
